Lakho Hazaro chahare  
Raste me khade bhookhe  
Naseeb me kya likha hay  
Kiskee nazar lagee hay  
Pehechano unke akho ko  
Lalaj ke do neeshane  
Nafarat se lade hay  
Daulat ke do nishane

Just perfect  
And our leader close their eyes  
Perfect  
Telling lies, selling lies, selling lies  
Perfect  
They don't hear our cries  
Perfect  
Wells are dry, children die, children die

But there's one solution  
Back home is where she stays  
She rids my minds pollution  
When she whispers "okay" I can still find  
some solace  
Two thousand miles away  
We've built our own safe haven  
In our tight embrace

She's perfect  
I see seeing it in her face  
Perfect  
No one else can take her place, take her place, take her  
place  
Perfect  
I feel it in her taste  
Perfect  
She knows how to give me space  
Perfect  
How long will you believe in us  
Perfect  
I only know it when you're gone, when you're  
gone

[translation]

Hundreds of Thousands of faces

Standing hungry in the streets

What's written in future (destiny)?

Who's bad karma/vibes has hurt them

(This line is very hard to translate exactly)

Recognize their eyes

Two symbols of jealousy

Led by hate and anger

Fueled by false hopes of riches

Just Perfect
