I live in a world
That means nothing to me
All the things
I have and all the
people I've seen
Once I had a voice
Could make a choice
But now I'm the person
I said I'd never be
No harm
There's nothing you can do
Your scene is changing
You got your life ahead of you
No harm
Nothing you can say

Your scene is changing
I see happen everyday
Once I had a voice
Could make a choice
But now I'm the person
I said I'd never be
No harm
There's nothing you can do
Your scene is changing
You got your life ahead of you
No harm
Nothing you can say
Your scene is changing
I see happen everyday
