

## Lucky 7 "The Last Time"

Visit "[The Last Time](#)" on MotoLyrics.com

It's the last time that I'll cry, since I figured out what  
your heart's about.  
The picture you gave me the day you met me.  
Back filled with words for us and love is all about trust.  
I wanna forget you and all the times we've shared.  
I know I owe it to you.  
All the pain I've bared.  
It's the last time that I'll smile.

You say you're heaven sent till lightening strikes again.  
Don't laugh at me now.  
I'm gonna show you how memories fade to dust and  
love is all about trust.  
How am I gonna get through when I cannot tell you how  
I feel.  
And now the memories fade to dust.  
Love is gone.  
Whatever happened to trust?
