band nd a couple hundred ppl shut the city down hours  
at a time ?? as the second line we act a fool all night  
other places in the world call it parting we call it A WAY  
OF LIFE we keep it poppin ever season and if not we  
throw a party on the block nonstop for no apparent  
reason and its positive i had to do it but its stilll sum  
homicides u gett outta line and ull be added to it

cry so much we had to laugh cause the only thing we  
had was what we grabbed and now we passed that  
back to where the early ??? and fats domonos shows to  
bring the jazz at home to the best in the game man  
welcome home mystical and in the short time we aint
