1995

Looked in the mirror, man, what did I see

Is this really who I am or what I'm trying to be?

I laugh when they tell me to find myself

Cause when you're looking for yourself

Who do you ask for help?

That was back then man I'm growing

Right now, there's no way of knowing

Exactly which way I'm going

But it won't be too long until you meet another side of
me

Do you think that I've spoken clearly?

Is what I'm representing really what I believe

Maybe I was trying too hard to Cobain

But it's really hard to get a grip when you're legally
insane

Life's a journey not a destination

Some time ago, came to this conclusion

My future lies on my own decision

And all of yours, all of yours

That was back then man I'm growing

Right now, there's no way of knowing

Exactly if I was being misunderstood

Maybe I'm finally standing where I should
