Stand up, you don't need anyone.  
Stay up, you don't need anything.  
Just tie your shoes, and out the front door,  
Stand up, you don't need anyone.

It's the hardest part,  
Don't let it wear you down.  
It's the hardest part,  
Don't let it wear you down.

Rise up, you don't need anyone.  
Stay up, you don't need anything.  
Just tie your shoes and out the front door,  
Stand up, you don't need anyone.

It's the hardest part,  
Don't let it wear you down.  
It's the hardest part,

Don't let it wear you down.

Hands up, don't ask anyone  
Stand up, you don't need anything.  
Just tie your shoes and out the front door.  
Rise up, you don't need anyone.

It's the hardest part,  
Don't let it wear you down.  
It's the hardest part,  
Don't let it wear you down.
