Ooohhh ooohhh Baby

Your love I cannot live without it ooohhh

We both lied we both cheat
Don't tell me that you've never grieved
Vows we take that we could not keep
Times we should not speak
Girl you lied to me I tell what's not true
Still we were lovers ooh ooh
Take the sweet with the pain
Sunshine come but then the rain
I can tell things were not the same
Caught up in the game
Girl I've done you wrong and you have done the same
But I still want you for you're not here

I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees
Makes me still want you
I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees

I must say we've both been bad
Made you cry, you made me sad
There were times when we were glad
Remember what we've had
We were young and didn't know which way to go
We were young lovers Baby ooh ooohhh

Take you back any day
Don't care how long you've been away
Follow my heart this is what it say you're my destiny
Let's forget the past and have a new start

You're the one that's got my heart forever Baby

I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees
Makes me still want you
I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees

Missing you like, Baby
Your love's the only love baby

I've been missing
Missing you baby
I've been missing
Missing you baby

You're the love I've been searching for always and
aahh

I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees
Makes me still want you
I'm missing you like crazy and it shows
Oh I miss you baby God knows
All the love you gave to me
When I was on my knees
