Peanut Butter Lyrics

Intro...

Huh ladies and gentlemen you know me?
I'm a educationist
Are you called to squeeze...
I'm going to squeeze from ten
And my father is a lawyer is he
My mother is a standard nine, ten, fifteen
Today my mother is in Pretoria Hospital
And me I'm a doctor, you know ah(laugh)
Sometimes a messenger
I read the word of...

Ayo....say....

Freedom must one with a judge
People all over the world, I'm confused
People are fighting all over the world
A black man says it a white man, a white man says it's a
black man, coloreds says its Indians, Indians says it's
everyone.
They don't know exactly, what is happening if one take
life
Right now some people said Lucky Dube is fighting for
the country , but is not what I'm fighting for,
But I'm fighting for is this right here, because reggae
music is music with the message every time,
My message to you is...yeah.....

I don't want no peanut save
I want my Africa to be saved(Gonna keep on telling you
that)
I don't want no peanut save(all i need is)
All I want my Africa(South Africa) to be saved.(3X)

Uh...uh...uh...uh...uh...uh...uh...(till fades)
