Share the night my admired best friend  
The creator of my pain  
Candle light in some dark coffee  
Giving back memories making space for new extasy

I don't care what you do, I don't care what you say  
Give me all you got full marry me if you dare  
Share all the travels with me

Many times I've tried to escape from you  
Try so hard to face the truth

Thinking of my heart made a deal with the love

No matter what you do, No matter what you say  
I'm yours.

I don't care what you do, I don't care what you say  
Give me all you got full marry me if you dare  
Share all the travels with me

Thank's the morning sun for bringing me your smile  
No matter what you do No matter what you say  
I'm yours (8x)
