I really love the way you touch me
The way you touch me with your hand

Say la la la la la la la la la

I wanna know what you're drinking
So I can be prepared

Say la la la la la la la la la

You know I like the way you're thinking
I like the way you use your head

Say la la la la la la la la la

I dream about you when I'm sleeping
I dream about you in my bed

Say la la la la la la la la la

I really love the way you love me
I really love the way you love me
I really love the way you love me
I really love the way you love me

Sometimes I wanna kiss you
Sometimes I wanna lick you

Say la la la la la la la la la

Well if you tell me what you want to do
I'll make it hot for you

Say la la la la la la la la la

Girl free your mind and let it go
Then come on me
And then I'll go

Say la la la la la la la la la

And if you touch the spot

Then you're hot
You can make me smile a lot

I really love the way you love me
I really love the way you love me
I really love the way you love me
I really love the way you love me
