There's no need to hate on us, so hard  
You can't stand the fact that we're so smart  
We got the hell off the train before it ran off the tracks  
Got up on this Lucy thing and we never looked back

They can't handle us 'cause they can't step on us  
And they can't use us up no more, no, no  
They tried to fuck with us but they can't put a stop to us  
'Cause they can't control us no more

That was such an evil game you played  
But your mouth wrote a check that your ass is still  
payin' today  
'Cause it blew up in your face and now you gotta reap  
what you sowed  
Lies and deceit will kill your mind and eat away at your  
soul

They can't handle us 'cause they can't step on us  
And they can't use us up no more, no  
They tried to fuck with us but they can't put a stop to us  
'Cause they can't control us no more

They can't handle us 'cause they can't step on us  
And they can't use us up no more  
They tried to fuck with us but they can't put a stop to us  
'Cause they can't control us no more

They can't handle us 'cause they can't step on us  
And they can't use us up no more  
They tried to fuck with us but they can't put a stop to us  
'Cause they can't control us no more
