"Cold"

God and his priests and his kings
all were waiting
all will wait
as it goes over
and between heaven and hell
as it done sin
as it done
over and over
over
cold
cold

crimson and bare as I stand
yours completely
yours
as we go over

sing for the lion and lamb
their hearts are hunting
still hunts hope
ever and ever
ever
cold
cold

god and his priests and his kings
turning faces
even they feel the
cold

what you are given
can't be forgotten
and never forsaken

what you are given
can't be forgotten

and never forsaken

what you are given
can't be forgotten
and never forsaken

cold
