Yesterday wasn't easy.
Made a wish by the bay and the tide took your heart
away.
Lift your head up, really hear me.
When the water is risin' you can't close your eyes and
pray.

Trust in me to make it better,
I can carry you through to the end.
We'll get free from stormy weather,
You can count on me I'll be your friend.
You can count on me I'll be your friend.

Suddenly it gets clearer
With our hands on the wheel we can turn what you feel
around
Better days are drawing nearer
And there's no way, no how, and nobody to stop us
now

Trust in me to make it better,
I can carry you through to the end.

We'll get free from stormy weather,
You can count on me I'll be your friend.
You can count on me I'll be your friend.

Do do do do do (2x)
Darling you can count on me
Hey hey hey hey

Do do do do do (2x)
I'll be there whenever you need
Hey hey hey hey

Wherever you are
I'm not very far
I'll be by your side
To make it alright

Trust in me to make it better,
I can carry you through to the end.

We'll get free from stormy weather,
You can count on me I'll be your friend.
You can count on me I'll be your friend.
