I'm sorry that I made you cry
I didn't mean what I said
Can you forgive me?
For loving you too much
Can you forgive me?
I can't live without your touch
I belong to you
You're my one and only
Baby don't you leave me lonely

I don't wanna be alone
Don't wanna live here on my own
Please come back
I need you more than ever
I don't wanna be alone
Don't wanna live here on my own
Why don't we begin again (begin again)
We could be lost and found
A second time around

Tell me it's worth a try
I got a thousand reasons why
Can you forgive me?
For holding on too strong
Can you forgive me?
Before everything goes wrong
I belong to you
You're my one and only
Baby don't you leave me lonely

I don't wanna be alone
Don't wanna live here on my own
Please come back
I need you more than ever
I don't wanna be alone
Don't wanna live here on my own
Why don't we begin again (begin again)
We could be lost and found
A second time around

A second time around

A second time around
I can make you love me, ohhh
I can make you love me
I can make you love me
Again

Begin again, begin again
Begin again, begin again
Begin again, begin again
Begin again, begin again

I don't wanna be alone
Don't wanna live here on my own
Why don't we begin again (begin again)
We could be lost and found
A second time around

I don't wanna be alone
Don't wanna live here on my own
Please come back
I need you more than ever
I don't wanna be alone
Don't wanna live here on my own
Why don't we begin again (begin again)
We could be lost and found
A second time around

A second time around
(A second time around)
A second time around
(A second time around)

A second time around
A second time around
A second time around
