

## Lucy Street "White Horses"

On white horses let me ride away  
To my world of dreams so far away  
Let me run  
To the sun  
To a world my heart can understand  
It's a warm and gentle wonder land  
Far away  
Stars away  
Where the clouds are made of candyfloss  
As the day's born

When the stars are gone  
We'll race to meet the dawn  
So when I can only see the grey  
Of a sad and very lonely day  
That's when I  
Softly sigh  
On white horses  
Snowy white horses  
Let me ride away
