Ohh ohh yeah

Dear babydoll, I have something to say to you
It's been a week and I've been thinking every day of
you
How can I say this more clearly?
How can I say this sincerely?
Well truly baby I'm in fear that we're beginning to end

Remember broken-hearted nights alone?
Well I think we're gonna feel the same way now
There's some things that I can't control
And thinking all night long

I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
You know I'm never leavin' you, I only wanna be with
you
I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
I swear I'm never leavin' you, I only wanna be with you

It's not my fault, I coulda kept this deep inside
You'd never know but I think there's nothing that we
should hide
How can I show you I need ya?
How can I show you I mean it?
It's been so hard for me to tell me we're beginning to
end

Remember broken-hearted nights alone?
Well I think we're gonna feel the same way now
There's some things that I can't control
And thinking all night long

I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
You know I'm never leavin' you, I only wanna be with

you (oh)
I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
I swear I'm never leavin' you, I only wanna be with you

You, you gotta, show me if you got it boy
If, you wanna, if you want me all the time
You, you gotta, play or be a goner boy
Give me love I can't deny
Or you won't be on my mind

Remember broken-hearted nights alone?
Well I think we're gonna feel the same way now
There's some things that I can't control
And thinking all night long

I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
You know I'm never leavin' you, I only wanna be with
you (oh)
I cheated you boy
But still I wanna be with you, be with you
Don't walk away boy
I swear I'm never leavin' you, I only wanna be with you
