"Crash"

Visit "[Crash](#)" on MotoLyrics.com

I want it all and all of the time
If you wanna get rowdy
I'm your partner in crime
Here we go, the hustle and flow
Whatever it takes

Break the barrier at V.I.P.
Bringing down the walls that separate you and me
Tonight were paying the price
Whatever it takes

I'm the code breaker
Public risk taker
Trouble marker falling out of grace again
Know we're on the same team
We feel the same thing
Going out in full swing
Put our minds together now
We can turn the party out

Lets crash the main attraction
Crash the night whatever you wanna do
No question make it happen
Crash the night, show 'em a thing or two
Let's start this chain reaction
Crash the night whatever you wanna do
No question make it happen
Crash the night I'm crashing the night with you

Ditch the car it's a quarter to three
And I'm loving how I feel it the bitter and sweet
Such a life, it's worse than its bite,
Whatever that means

No plans of ever fallin in asleep
With the broken hearted boys at the end of the street,
They want love, it's never enough
Whatever it takes

I'm the code breaker
Public risk taker

Trouble marker falling out of grace again
Know we're on the same team
We feel the same thing
Going out in full swing
Put our minds together now
We can turn the party out

Lets crash the main attraction
Crash the night whatever you wanna do
No question make it happen
Crash the night, show 'em a thing or two
Let's start this chain reaction
Crash the night whatever you wanna do
No question make it happen
Crash the night I'm crashing the night with you

Don't misread my sheltered mind (Ahhhh)
I fell on my face about a thousand times (Ahhhh)
Pick myself up and I'm just fine (Ahhhh)
Live my life to crash the night (Ahhhh)

I'm the code breaker
Public risk taker
Trouble marker falling out of grace again
Know we're on the same team
We feel the same thing
Going out in full swing
Put our minds together now
We can turn the party out

Lets crash the main attraction
Crash the night whatever you wanna do
No question make it happen
Crash the night, show 'em a thing or two
Let's start this chain reaction
Crash the night whatever you wanna do
No question make it happen
Crash the night I'm crashing the night with you
