Let me stay here a minute  
I just don't wanna go home yet  
This could be the last time  
We have to be alone  
Baby I don't need anything  
'Cause when I've got you, I have everything  
The stars, they light your way now  
And I will wait for you

This is your lullaby  
Baby it's all you need to go to sleep tonight  
Sealed with a kiss from me  
And though you're far away  
You're still close to me  
This is your lullaby  
Baby it's all you need, yeah yeah

Things that just you and I know  
Carry them everywhere I go  
And this will be the last time  
We have to be alone

This is your lullaby  
Baby it's all you need to go to sleep tonight  
Sealed with a kiss from me  
And though you're far away  
You're still close to me  
This is your lullaby  
Baby it's all you need, yeah  
You need yeah

Ooh yeah yeah  
Ooh yeah yeah  
Ooh yeah yeah yeah

This is your lullaby  
Baby it's all you need to go to sleep tonight  
Sealed with a kiss from me  
And though you're far away  
You're still close to me  
This is your lullaby

Baby it's all you need

This is your lullaby

Baby it's all you need to go to sleep tonight

Sealed with a kiss from me

And though you're far away

You're still close to me

This is your lullaby

Baby it's all you need, yeah

You need yeah
