I need something more than your promises
Saying that you'll leave her but you never did
You don't think I see this love is counterfeit
Just let me go, ooh-whoa, ooh-whoa
We can only talk when you wanna talk (wanna talk)
We can make it secret in a parking lot (parking lot)
I can almost wish this time we're getting caught
(getting caught)
Baby let me go, ooh-whoa, ooh-whoa

And this is me exposing you

If you don't, tell her, then I will
If you don't tell her then I will
If you don't, tell her, then I will
If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so
If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so
If you don't tell her then I will

Since you're always missing from the photographs
Too caught up in thinking it will never last
Funny 'cause that never stopped you in the past
Gonna let you go, ooh-whoa, ooh-whoa
Maybe now's a time for me to call her up (call her up)
Tell her all the ways that we've been making love
(making love)
I don't see a future of us making up (making up)
Gonna let her know, ooh-whoa, ooh-whoa

And this is me exposing you

If you don't, tell her, then I will
If you don't tell her then I will
If you don't, tell her, then I will
If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so

If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so
If you don't tell her then I will

On this rollercoaster, better hold on tight
'Cause I'll ride again and again and again
You think it's picture perfect, but you don't realize
That you lied again and again and again
Sneaking out alone and try and get me on the phone
(phone)
Think you're in control if you just keep me on the low
(low)
On this rollercoaster and I don't feel right, so
Let me off boy
Let me off it

If you don't, tell her, then I will
If you don't tell her then I will
If you don't, tell her, then I will
If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so
If you don't tell her then I will
Any time you could throw me away
But I'm not going away, so
If you don't tell her then I will
