Trust Me (You Don't Wanna See This

Please just let me stray,  
Look the other way  
I got to do this alone  
Cause I'm the only one here  
Don't misunderstand  
You're the perfect man,  
But I'm not ready to go  
And settle down with you

So Close your eyes, close your eyes  
I'm not who you think I am  
Let go, get out while you can  
Trust me you don't,  
You don't want to see this  
I'll be trying everything  
Knee deep into anything  
Trust me you don't  
You don't want to see this, oh no

I cant help myself I feel like someone else  
You're going to thank me someday  
I'm saving you the heartache, baby  
If you're still around when I'm slowing down  
I might follow you home  
But don't wait up for me

Just close your eyes, close your eyes  
I'm not who you think I am  
Let go, get out while you can  
Trust me you don't  
You don't want to see this  
I'll be trying everything  
Knee deep into anything  
Trust me you don't  
You don't want to see this

Oh don't put up a fight  
Please don't kiss me goodbye  
This was hard enough to say

No you can't change my mind,  
Don't even try it

I'm not who you think I am  
Let go, get out while you can  
Trust me you don't  
You don't want to see this  
I'll be trying everything  
Knee deep into anything  
Trust me you don't  
You don't want to see this  
Trust me baby  
You don't want to see this  
Trust me, trust me  
You don't want to see this
