Ayo...

I wanna hug you, kiss you and love you
Wife you I might do
As long as I trust you
Plus you always seem to have my back on hard times
So rely on me and everything'll be alright

Shorty, I never seen a girl like you...

My mind is buzzing
What kind of loving keeps your mind on touching?
If I can't please you, then I'm switching my game
A simple twitch in your frame, and I'm FORGETTING MY
NAME
I'll draw a graph, plan out the night, bubble baths
Serenade with loving raps, you loving that
Ever since first sight, I been thinkin bout first night
My first plight to make you squirt white, yeah you heard
right
I'm nasty girl, give me a chance and you will be, too
I'm deep and intense, these other dudes are see-
through
So let me please you, in any fashion you see
reasonable
And when I'm done you'll wonder why it was anyone but
me, boo
I'm keeping smiles, 'cuz your physique is wild
Give me a piece to try out of your unique style
Tryna think of some slick game, perhaps a nick name
To get you so hot that your lips flame
So just trust in my actions
And we'll be hugging and laughing
And take it under covers, makin' love on the mattress

Yo...

I wanna hug you, kiss you and love you
Wife you I might do
As long as I trust you
Plus you always seem to have my back on hard times
So rely on me and everything'll be alright

I loved you from the start, sparks flew and shimmering
Broken apart hearts came together once again

You showed me how to live and love life
And light up everything, I used to be so uptight
Now everything's so right, you made me into a man
When I look in your eyes, it's like I know who I am
I wanna better myself, to benefit you
I never cared 'til I met you, now I'm scared to forget
you
I wanna embrace you, every hair on your head
Feed you when your sick, bring you breakfast in bed
And unless I was dead, I'd never stop my loving
'cuz my heart's pumping only thoughts of your loving
And it won't stop coming, so return the favor
We'll take trips to california and forget the haters
'Cuz they wanna break us, jealousy at it's highest
You tell me I'm the greatest
I tell you you're the finest
So let's try this, I'll buy this ring and we'll tie this
Knot for life, and get lost in loving thoughts as you
become my wife

Yo...

I wanna hug you, kiss you and love you
Wife you I might do
As long as I trust you
Plus you always seem to have my back on hard times
So rely on me and everything'll be alright
