Luda! Hehe. What you got boy?

I got some chicks lined up,
ready to skinny dip,
'bout to have my swimming pool on smash.
Plus I got a billy with some automatic heat in the trunk,
and I got two twenty five on the dash.

Hey whatcha say to 'em?

I got the biggest house that you seen thus far, *yeah*
I got the biggest house that you seen! *seen!*

I got the biggest house that you seen thus far, *yeah*
'Cuz it's just another day in the life at my big ass house.

I got the biggest house that you seen thus far, *yeah*
Twenty-two acres and it fit a hundred cars.
Five million dollars, I bought it straight cash,
and my fat bank account is out of your weight class.
woo!

I got the biggest house that you seen thus far,
I got the biggest house that you seen! *seen!*

Pocket full of green, mouf full of pert,
Eat rappers for dinner, now I'm ready for dessert!

American pie, yeah I'm out to get a piece!
I'm hungry for a gyro I'm about to go to Greece!
Worldwide travela, catch me on a plane,
Blanket on my lap so they don't catch me getting brain.
Flying high in the sky in that mile high club,
I think I'm 'bout to pass on that mile high grub,
'cuz that airplane food is even nastier than me!
I'd rather fly home and go and call a couple freaks.
And guess what I got some

I got some chicks lined up,
ready to skinny dip,
'bout to have my swimming pool on smash.
Plus I got a billy with some automatic heat in the trunk,
and I got two twenty five on the dash.

I got the biggest house that you seen thus far, *yeah*
I got the biggest house that you seen! *seen!*
I got the biggest house that you seen thus far, *yeah*
'Cuz it's just another day in the life at my big ass house.

House, big ass house x3
Luda's got a big ass house
(x2)

Man shorty's be diggin me, cuz I'm so rich,
And I'm standing on my front lawn, I'm digging you a
ditch.
I'm on my land, and in you come close,
I'ma put some hollow points in your throat!
Round my big ass house.

I got the biggest house that you seen thus far, *yeah*
Twenty-two acres and it fit a hundred cars.
Basketball court, lake on side,
and these lil' house niggas, dey be hating on the sly
Get your chips up, get your whips up,
Douse the lil' piggies and get your bricks up.
Stack it like pancakes, stack it 'fore you go,
Stack it 'till you just can't stack it no mo'!

'Cuz its all about your hustle, its all about your grind,
And like the post man I deliver on time!
Luda's so thorough, Luda's so treal,
Luda put a TV inside of his steering wheel.
I watch while I'm driving, and I don't crash;
Two color revolvers, and they don't clash.
I make 'em puff puff, but I don't pass,
But I don't want no trouble I'd just rather get some ass.

I got some chicks lined up,
ready to skinny dip,
'bout to have my swimming pool on smash.
Plus I got a billy with some automatic heat in the trunk,
and I got two twenty five on the dash.

I got the biggest house that you seen thus far,
I got the biggest house that you seen!
I got the biggest house that you seen thus far,
'Cuz it's just another day in the life at my big ass house.
