[Ludacris] + (The Game)

I just touched down in killa Cali, strapped up my boots  
Got scooped up by Game so I hopped up in the Coupe  
(Ahh, whattup nigga?) What the hell is goin on?  
I'm tryin to ease back and get my head in the zone  
(Then where the fuck you tryin to go?) Nigga this yo'  
city

Anywhere, I'm just tryin to see some ass and titties  
So fool mash the gas, the night is young  
All bullshit aside I'm tryin to have some fun  
Hit the hop in Lakewood, or ride down Slausson  
Or the casino, they say it's just like Compton (ha ha)  
Really doesn't matter, long as shots don't rang out  
(Nigga I stay strapped, I don't wanna pull the thang  
out)

Well keep the heat heat right up under the seat  
And let's roll to Roscoe's and grab somethin to eat  
But check your rearview mirror, I swear somebody's  
followin

Rollin in that dark blue SS Impala and  
All up on the bumper, man I'm just sayin  
Tell me you know this nigga (nah, they better stop  
playin)

He sped up around and drove right in front of us  
Could be one-time just tryin to bust one of us  
'Til he smashed the brakes and we almost hit him  
Throwin signs out the window like somethin was wrong  
wit him

Before we jump out and get ready to clown  
(Nigga call up the homies, it's about to go down)

[Chorus: Ludacris] + (The Game)

Keep one eye open cause the streets don't sleep  
(If the streets get hungry then the streets gon' eat)  
That's why I keep some heat and a couple of rounds,  
nigga

(Call up the homies, it's about to go down)

Call up the homies, it's about to go down?

(Yeah, call up the homies, it's about to go down)

Yeah that's why I keep some heat and a couple of  
rounds

Nigga call up the homies, it's about to go DOWN

[The Game] + (Ludacris)

Somebody tell Luda I'm on the way now (aight)  
Just stepped one size 12 Air Force One in the A-Town  
(ha ha ha)  
And you know where I'm headed  
To the Lennox Mall to get it done head to toe NWA style  
(do it)  
Keep it gangsta from the waist down  
And this chrome trey-pound got me feelin Atlanta  
+Brave+ now (right)  
Disturbin' Tha Peace, I'll let the lead spray  
I'm startin to love this place, they even got Red Clay  
(okay)  
Hit a different strip club e'ry day (yeah)  
And I don't make it rain, it's a hurricane on the way (ha  
ha ha)  
And I got the A-Town pump  
It'll make your whole body do the A-Town stomp (woo!)  
Then it's off to the Waffle House  
And pancake mix ain't the only thing comin out her  
mouth  
And her 42 D's comin out her blouse  
Her baby daddy comin in (Game, get out the house,  
and)

[Chorus]

[Ludacris]

Yeah, I'm in a real-life movie, so this is take three  
When Luda step foot out in Phoenix, A-Z  
Superbowl super hoes, rappers on stroll  
So I put the call in to Willy Northpole

[Willy Northpole] + (Ludacris)

Woo, big homie I got ya, stick to you like a cactus  
Walk up to the 'burbs city Chris take off your jacket  
I know you kinda used to big booties in the club  
But ain't nothin wrong to have a lil' sauce in your blood  
I see a couple thugs with some bitch tendencies  
My town, but I still got Phoenix enemies (yup)  
Haters wanna stop 'em and I really wanna pop 'em  
But it's hard to fight back when you got an album  
droppin (connects)  
We in South Phoenix, niggaz Africa bang  
Matter fact, Chris, tuck in your Africa chain (what?)  
Cause I see some niggaz starin at us with a lame frown  
I'ma call up the homies (it's about to go DOWN)

[Chorus: Ludacris] + (Willy Northpole)

Keep one eye open cause the streets don't sleep  
(If the streets get hungry then the streets gon' eat)  
That's why I keep some heat and a couple of rounds,  
nigga  
(Call up the homies, it's about to go down)  
Call up the homies, it's about to go down?  
(Yeah, call up the homies, it's about to go down)  
Yeah that's why I keep some heat and a couple of  
rounds  
Nigga call up the homies, it's about to go DOWN
