[Verse]

Oh no don't try that

20 million dollar crib mothafucka I can buy that

You can see me in a fly lack

Maserati, lamborghini or a mothafucking mobile

Lay back making pay stacks

Conjure on the watch (don't chase that)

Bust out on your bitch face

And like Puff tell her take that take that

Champagne by the bolo

Keep a bottle little booth click hold when the chock hold

I'm rough I chock hoes

Cock in the magnum like 4 4

Get it I'm loco

I know peep 'em up like no dose

All night with the doors close

Woman jumping on my stick like pogo

Higher my rub is all rotate like tires

I fuck the bitch before I fuck you damn right I'm tired

I'm Filthy rich bitch go spend some mula

I went to the dealer ship and the ferrari dude was like

"Euh Luda?"
