i got your whole estate upon my ear
your life savings on my pinky
and oops i think i spilled your pension plan in magic
city
got your bonus on my tooth
your trust fund is in my hemmy
and my girl just got her nipple pierced
so your tax return is on her titty
and they say luda
why you gotta run another verse about your cash
cuz im rich biatch
and if you dont like it kiss my ass
plus its too many rappers who be lyin about what they
have
so they hear real nigga like me who truly stuntin on
their ass
cuz i
got the georgia lottery in my bank account
your diamonds off you gazy you should take em out
check the status of my life as a bawller
as my money got bigger
while my chains got smaller
motherfucker!
