Simply marvelous
(That's what you are, that's what you are, that's what
you are)
More than outrageous, that's what you are
Beyond incredible, yeah yeah
(That's what you are, that's what you are, that's what
you are)
Now that's contagious, that's what you are, Luda!, hey

I must admit that you are truly somethin' special
So hop up in my vessel, let's wrestle like I'm The Rock
Deep in your ocean I'ma find your buried treasure
So hop up on the dresser, throw your legs up to the top

Stretch it out like calisthenics
Better that Luda wet it and get it and have somebody
call the medic
My head is in the right direction, my quarter's in your
jukebox
Girl, you are my number one selection

I'll play you over and over, put your head on my
shoulder
Slide down and give me head in the Rover
And I'm a soldier, see it ain't no limits to the things we
could do
And I made this record for you

So that we could break it down to the nitty gritty one
time
And when it comes to the sexin' I get busy with mine
Do you get busy with yours?
I guess we destined to see, baby girl, you are destined
to be

Simply marvelous
(That's what you are, that's what you are, that's what
you are)
More than outrageous, that's what you are
Beyond incredible, yeah yeah
(That's what you are, that's what you are, that's what
you are)

Now that's contagious, that's what you are, hey

So supernatural, wonderful and miraculous
You got me buggin' off your attractiveness like whoa
So precise, so fine in your position
That my unanimous decision is to never say no
You got me strung like a guitar
Playin' the sweetest melody is definitely heavenly by
far

Further than the moon and I never fake it but I take it
When you get naked 'cause your body's like boom
How could I resist it? I'll be there in a instant
When you call like tornadoes you got me twisted

I know you missed it, so I'ma give it good
You'll go ballistic, because I give it hood
Just like a nigga would and like a nigga should
If you hear screamin' then Luda's up in your
neighborhood
Good gracious, yeah I do it right and all night you are

Simply marvelous
(That's what you are, that's what you are, that's what
you are)
More than outrageous, that's what you are
Beyond incredible, yeah yeah
(That's what you are, that's what you are, that's what
you are)
Now that's contagious, that's what you are, hey

It's courageous how you drop the phone and rush over
Crazy how you make me high when I'm sober
Just when I thought I've seen it all
You put it down on me

It's contagious how your lips make me lose composure
Addicted to the kisses, your blow got me swole up
There's only one [incomprehensible]
That's what you are to me

Simply marvelous
(That's what you are, that's what you are, that's what
you are)
More than outrageous, that's what you are
Beyond incredible, yeah yeah
(That's what you are, that's what you are, that's what
you are)
Now that's contagious, that's what you are

Simply marvelous

(That's what you are, that's what you are, that's what
you are)
More than outrageous, that's what you are
Beyond incredible, yeah yeah
(That's what you are, that's what you are, that's what
you are)
Now that's contagious, that's what you are, hey
