feat. Chris Brown

She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty

She dancing dirty, she dancing dirty

She dancing dirty on the floor 'cause she know a nigga
watching
Steady on the floor 'cause she know a nigga watching
She with her friends, they mad, though
They popping ass like they popping bottle
I'm with my niggas, we got dough
So bring that ass for this cash on the floor

Shake it, shake it like you mean it
You take another shot, me and your girl gonna double
teaming
She drop it to the floor like I ain't even ever seen it
And running that dirty mouth like I ain't even tryina
clean it
So I grab a cool, feel it to the brim, then hand you a
night cap and say we going for a swim
Later I'm at the crib-o hard as an armadillo
She says she thinks she loves me so I told that bitch get
up
Flexing these Georgia peaches then let them ride off
their leashes
They thinking I'm self-assisted till I beat that pussy to
pieces
I'm checking their facial features, they shaking like
some sort of seizure
And thinking I'm some sort of creature, E.T. alien, nice
to meet you

She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty

She dancing dirty on the floor 'cause she know a nigga
watching
Steady on the floor 'cause she know a nigga watching
She with her friends, they mad, though
They popping ass like they popping bottle
I'm with my niggas, we got dough
So bring that ass for this cash on the floor

Throw it, throw it like you know it
These girls be acting shy but you just ain't afraid to
show it
I got all this money and I'm damn so gonna blow it
'Cause she asked me for a drink and I'm damn so
gonna blow it
I'mma make it strong, she say she like it fruity
In another 30 minutes I be peeling on her booty
An hour after that I'll have her twisted like a cyclone
Legs wrapped around me till she squeeze me like a
python
I call that sizzer, we both been gone off that liquor
She let down all her defenses and yes, I give up her
business
With a quick lit she came to her senses, run on tap and
snapping pictures
Real illest, but so persistent, now she's head, it's just
Luda

She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty

She dancing dirty on the floor 'cause she know a nigga
watching
Steady on the floor 'cause she know a nigga watching
She with her friends, they mad, though
They popping ass like they popping bottle
I'm with my niggas, we got dough
So bring that ass for this cash on the floor

Pop it, pop it like a stripper
Pop it like a soda can, pop it for a Snicker
Pop it for these fast balls, throw it like a pitcher
When the waitress yelling 'last call' drop it on a nickel,
bitch
This spells drama, flew out to '
We sipping on some Coladas, I'm taking off her
pajamas
She nasty with a nice persona, she biting me like
piranha
The model from' she must get it from her mama

She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty
She dancing dirty, she dancing dirty

She dancing dirty on the floor 'cause she know a nigga
watching
Steady on the floor 'cause she know a nigga watching
She with her friends, they mad, though
They popping ass like they popping bottle
I'm with my niggas, we got dough
So bring that ass for this cash on the floor
