Title : [Down In Tha Dirty]

-----  
Down in the dirty south to be exact  
Gettin money gettin money is a well known fact

[Ludacris:]

I hit heavy in the trunk so I say I'm heavy hittin  
My car just got a jerry curl the paints still drippin  
My whip so clean I turn lovers into haters  
Then I make'em come around like curl activator  
There are none greater I'm the freshest on the scene  
Rap gamin jones I'm the freshest on the team  
But really I'm a coach spittin game to the playas  
And I'm yellow with that purp like I came with the lakers  
I'm out to get that paper, the mule and the achers  
I'm reppin for the rich, red, monkey bathing apers  
So catch a contact like you inhaled luda vapours  
Cause rapers get smoked like I rolled in some paper  
Put'em in a ash tray throw away the roches  
Move them out my path way show them whose the  
dopist  
I bring home the bacon and protect it with the toffers  
Like the lens on ya camera fuck boy I'm so focused

[Chorus:]

Down in the dirty south to be exact  
Gettin money gettin money is a well known fact  
[x5]

[Rick Ross:]

20 grand in the left  
Another 20 in the right  
Got my wallet in the back  
And that thing packed tight  
Credit cards don't need'em  
Or the birds won't feed'em  
While I'm sitting at the table just me and family eatin  
Me and class on the cell discussin another deal  
Gucci gucci bottle empty daddy needs a refill  
Up in frevay I'm standin on the bar

If it ain't a black truck it's a quarter million maz  
I'm in love with kush and kate fox  
If ya need anything hit the safe deposit box  
Outta town for a month  
Came home with a duff that was one point sumet  
Pimp ask khaled lobster salad  
Mobsta acknolege I'm poppin them dollars  
Pop colors I touch hoes like crep flow  
The game in a choke hold  
No I won't let go

[Chorus:]

Down in the dirty south to be exact  
Gettin money gettin money is a well known fact  
[x4]

[Bun B:]

Well I done said said it before  
But I guess it best to repeat it  
Dirty south in the building  
With no loses we undefeated  
Anybody think they can beat it must be on sherve  
Got the streets on fire like ross kile with a perm  
I'm big worm and that big body slaya  
Rip it open and you keep playin with my money  
Smoke it like I'm a joke  
I got for roke on a boulevard  
In the paint n have a bitch nigga sliced from his eyes to  
his tank  
You think I came at 225 pounds of trouble  
Can't find a trilla play then me if you had the hubble  
Been reppin the dirty and I ain't finnin to slow down  
So if you ain't wid it get out the way it's about to go  
down  
You can get your issue like your ass subscribed  
And when we ride there's no were that your ass can  
hide  
Nigga try to come at me crocked like burner play  
craves  
Have you runnin up north like a runaway slave  
Played pussy ya bluff even if it's ya period  
The dirty south niggas take they money too serious  
nigga
