I hit heavy in the trunk so i say im heavy hittin

my whip so clean i turn lovers into haters
then i make em come around lyk cirl activator
there r none gr8er im the freshest on the scene

but really im a coach spittin game to the playas
n im yellow with that purp like i came wid the lakers
im out to get that paper, the mule and the achers
im reppin for the rich, red, monkey bathing apers
so catch a contact like u inhaled luda vapours
cause rapers like smoked liek i roled em in some paper
put em in a ash tray throw away the roches
move them out my path way show them whos the
dopist
i bring home the bacon and protect it with the toffers
like the lense on ya camera boy im so focused

in the paint n hav a laya h8er sliced from his eyes to his
tank
u think i cant hav 235 pounds of trouble
cant find a trilla play then me if u had the hubble
big reppin the dirty n i aint abt to slow down
so if u aint wid it get out the way it abt to go down
u can get ur issue like ur boy subscribed
n wen we ride theres no were that u boys can hide
h8er try to look at me crocked like burner play craves
hav u runnin up north like a runaway slave
played chicken ya bluff even if its ya bitch
cause down south boys take their money too serius

down in the dirty south thats how it go
makin money ma makin money stackin that doe
down in the dirty south thats how it go makin money
makin that doe
down in the dirty south thats how it go
makin money stackin that doe
