Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up

Okay, okay, okay
Everybody with me drunk as fuck
Break it down and roll it up
Everybody got their 'quilas with 'em
Rep your side and throw it up

Ho it up and it's goin' down
Light another blunt and it's goin' round
Puff, puff, pass, you can toast your glass
Later we'll screw and slow it up

If you make it fast, I can make it last
And I'm a nigga that's makin' cash
Eight figures in the bank and I pull your rank
What you think, what'cha hatin' that?

Ha, ha, ha, ha, ha
You think you fly, I know you not
Ha, ha, ha, ha, ha

You tote your knife, I tote my Glock

Big body Cadillac, women in the back seat
Speakers steady pumpin' as I pass these losers
Your car too small
(Why?)
I can't fit these women in a PT Cruiser

Get your cake up, get your weight up
Way up to the top 'til you can't go further
These snitches is after my riches
And, yes, I smell blood and murder

When I cock back, better drop that, can't block that
Lock that, fools better stop that
Otherwise you can pop back
But after dumpin' around, you be wonderin' where the
cops at

Where the cops at?
'Cause I'm drunk as fuck, tell 'em I'm far from sober
'Cause if the po-po happen' to pull me over
I'ma just tell 'em

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me, dudes are looking tipsy
Goons pose it up, 'cause a hater try to tilt me
Put out the roach, roll up the dough
Money, I'ma go there, holla at my boat

All I need is a bitch right now
To blow me away, then take me now
I need another fuckin' cruncher around
Hot wing, Gucci, out, said it loud

You might just see me, but I can't dig deep
Nigga we gon' team, nigga did OD obvious OB
And if not now, slowly but surely

Shake it like LeBron, shoot 'em like Kobe
If you say chill, I just play the Police
In the club, chillin' with GSUP
But after it go down into the deep TP

The syrah got you pissy, and got you dizzy
Wanna hit me, but not really
Please don't mix me
I'm all balls, my balls bite quickly

If nobody's out here with me, I'ma do this shit myself
Smoke and drink, I'll put my head up like I don't need
nobody else
Straus intruder, smokin' cruisers
Swisin' up Swishas with Luda

In the playas circle, did she shit you?
Ho's ain't what they used to
I got my own kush pack, and I got my own looker

Hey, what you call that?
I call it Cleavland now, nigga

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck

Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up

Everybody with me drunk as fuck
Break it down and roll it up
Everybody with me drunk as fuck
Break it down and roll it up
