

## Ludacris "Go To Sleep Ho"

Visit "[Go To Sleep Ho](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet, and go 2 sleep ho

Man, I tell a hoe to go to sleep  
They turn around and frown, gotta make 'em six feet  
deep  
'Cause we knock 'em unconscious with that nonsense  
Read in between that fine print, think about lyrical  
content

Then about where your time spent  
Mess around get your guys hit, a ten hut  
I send Three-Six ol' sheeyit, nigga what?  
If ya tired ya tired, if ya snooze ya lose  
But'chu you won't wrap up ya bandages, or heal your  
wounds

Nigga I got shotty's and semi's, I love 'dro and Henny  
All brown and skinny, but I've fucked up so many  
I got QP's and halves, if we beefin' I blast  
You sleepin' I laugh, ask 'Cris, I'm off the rip

I had this hoe who talked too much, I had to off the  
bitch  
2 O, Mr. Crayola, niggas know what I mean  
'Cause I slang brown, white, yellow, purple and green  
And all you faggot-muthafuckas gotta know the routine

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

Bitch it's me again, kickin' in your fuckin' doors  
I look for dividends, I ain't lookin' for you ho's  
You bitch can't comprehend, let me put one in you bro  
Let me put one in you bro, so you niggas can go to  
sleep

So, lay down bitch, gimme all that you dreamed for  
Gimme fancy cars, gimme bling-bling-bling, boi  
It don't mean a thing, boi, for me that ain't gon' swing,  
boi  
Them god damn toys, do you know what I mean, boi?

Now if you warrin' and runnin' from them Three-Six  
niggas  
This forty-five gon' give a reason to sleep, nigga  
Or bustin' massive 'round some S.K.  
My last trip to ATL, I fucked yo' cascade

I'm strippin' bitches and I'm a ball fucker with a limp  
They call me infer stripper, sexy, red hoe's pimp  
And quick to sink her on the nigga 'cause this what it's  
'bout  
We rob that trick and stick his dick off in his fuckin'  
mouth  
We Memphis niggas

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

North, north, south, south, Westwood, Orange Mouth  
Nigga we be smokin' life, never shut ya Charlie Brown  
Memphis niggas in this bitch, pockets full, ya know we  
bail  
Hooked up with my nigga 'Cris, then we head to ATL

Playas wild, throwin' bows, tellin' chickens, "Fuck you  
hoe!"  
Nigga rollin' optimo, as long that white shit up they  
nose  
Mayne this town is like my town, so we stayed and hung  
around  
Juicy J be high as fuck, catch me in the lost and found

Better use common sense checkin' me out for bitch I  
can stand for  
And up, get ya self in this clique  
Without my tongue licks, behind me gettin' handcuffed  
by a slut  
Look, I'm from Gittero what?

Southside niggas throw it up when it's time to get buck  
Niggas in the back of the club postin' up  
Waitin' for a nigga that's new to make it up  
Ass in, ain't no askin', it's no tolerance as long bitch  
check in

She wit' me, comments will only get'chu basically  
eternally resting  
So abide by the call of the streets  
If ya got a bitch better keep her on a leash  
[Incomprehensible] gonna creep in ya home while you  
gone  
Have you comin' back findin' nutt on yo' sheets

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho

Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho  
Go 2 sleep ho, go 2 sleep ho  
If you're tired, be quiet and go 2 sleep ho
