Maaaan I tell a hoe to go to sleep (go to sleep)
They turn around and frown
Gotta make em 6 feet deep
Cuz we knock em unconscious with that nonsense
Read in between that fine print
Think about lyrical content
Then about where your time spent
Mess around get your guys hit
A ten huuuuut
Hustlin 3-6 o shiiat nigga what
If ya, tired ya tired, if ya snooze ya lose
But you wont wrap up your bandages or heal your
wounds

If you tired be quiet and go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)

If you tired be quiet and go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)

Kickin in your fuckin doors i'm lookin for dividends
I aint lookin for you hoes, you bitches cant comprehend
Let me put one in your boat, let me put one in your boat
So you nigga can go to sleep
So lay down bitch
Gimme all that you dream for
Gimme fancy cars gimme bling bling blings boys
It dont mean a thing boy
For me to go swing boy
Your god damn toy, do u kno what i mean
Now if you warrin and runnin from the 3-6 niggas

North, north, south, south, Westwood, Orange Mound
Nigga we be smokin life, never shut ya Charlie Brown
Memphis niggas in this bitch, pockets full, ya know we

Hooked up with my nigga Cris, then we head to ATL
Playas wild, throwin bows, tellin chickens, Fuck you hoe
Nigga rollin up the moe, as long that white shit up they
nose
Mayn this town is like my town, so we stayed and hung
around
Juicy J be high as fuck, catch me in the lost and found
Better use common sense checkin me out for bitch I
can stand for
And up, get yaself in this clique

Without my tongue licks, behind me gettin' handcuffed
by a slut
Look, I'm from Gittero what
Southside niggas throw it up when it's time to get buck
Niggas in the back of the club postin up
Waitin for a nigga that's new to make it up
Ass in, aint no askin, it's no tolerance as long bitch
check in
She wit me, comments will only getchu places eternally
resting
So abide by the call of the streets
If ya got a bitch better keep her on a leash
Gonna creep in ya home while you gone
Have you comin back findin nutt on yo sheets
Go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)
If you tired be quiet and go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)
If you tired be quiet and go to sleep hoe (go to sleep)
Go to sleep hoe (go to sleep)
