Well, it's that nigga you been waiting on
Tryina get more information, conversating, debating,
and hating on
I need some pussy that I could take out my frustrations
on
Or a yacht and a bunch of bad bitches,
That maybe I just could take a vacation on

[Hook]

I'm faded, I'm fast, I'm speeding out this cash
Got bout 5 racks in my pocket, I don't really know how
long it's gonna last
Pour that drink all in that cup,
Throw that stank all in that blunt
Grab that chick with all that butt
And guess what
I don't really give a fuck!

Life is a puzzle I'm tryina get together
Everyday tryina figure out what 2 women I can fit
together
Ding ding, let me get inside the ring, cause I think I got
the perfect match
Don't be nervous, come on out the shell, let's wait for
the birds to hatch
Shoot fly, shoot bitch, now it's time for the birds to fly
Meanwhile this purple haze, created a little purple sky
If you smoke that dirt, don't be jealous on my mary
jane
Hey albums in, motherfucker ain't a damn thang
changed

[Hook]

And guess what
I don't really give a fuck!

I done got rich and lost my damn mind
Platinum placks got a nigga celebrating all the time,
luda!
quit fool around and get some work done
No, I'd rather go to magic and see a bitch work some
I think I, I think I deserve it, I'm in that guiness book
Rappers throwing shots and I throw em right back
Still got these niggas shook
People see me in the movies and they think I wear
Hollywood
Only different is I'm popping a molly with a bunch of
mollies
And popping does a molly good
It does, I mean I really does
Was that luda in the Lamborghini, god mean it really
was
Hurry up and get a picture on your iPhone
And turn around bend over, and let me get one on my
phone
I got it, I'ma save it filter then send it off
Haters throw dirt cause I'm just so clean
And a nigga just rinse some more
Since '99 I've been in gold mode
And every time I see your bitch in the club
She be in hoe mode, hoe mode? Hoe mode
Hoe mode? Hoe mode!
I press a button and the whole damn crib just go in hoe
mode
Yeh the lights go dim and the cameras get lit
And I pour some fuckin drinks
Hey, did luda really fucked your girl
What do you really fucking think?
