They wanna know why I hit like that, spit like that
Shit like that, maybe because I get like that
Kick like that, rip like that
They wanna know why I rhyme like that, shine like that
Climb like that, 'cause the world is mine like that
Yours like that, mine like that

You can get your whole crews, even niggas that owe
you
They ain't paid you shit you can drink some cold brew
And throw on them old shoes and jump in the whip
You can come and find us, be right behind us and
insert the clip

You hear something that went clack,clack, clack
Somebody went down but it wasn't us
You can settle 'bout two meals get hooked up with a
good deal
Start stackin' dough you can ride your mobile

Get 20 inch big wheels and collect some hoes
You can even start eatin' good and smokin' good
But you pressin' your luck and you say wha'
Somebody went bankrupt shit but it wasn't us

They wanna know why I hit like that, spit like that
Shit like that, maybe because I get like that
Kick like that, rip like that
They wanna know why I rhyme like that, shine like that
Climb like that, 'cause the world is mine like that
Yours like that, mine like that

You can go to the drawing board just start from scratch
All over again clean
Or you can tell a bunch of officers that I'm the one to
catch
But my niggas is the police

You can try to blame me or even try to frame me
But I'll make bail now
Somebody goin' to jail shit but it wasn't us
You do track after track, and walls get plaque after

plaque

CD's on rack after rack no moe selling sac' after sac'
You could've had that good life, good kids and a good
wife
It was yours to earn but the records stores gettin'
returns
Shit but it wasn't us

They wanna know why I hit like that, spit like that
Shit like that, maybe because I get like that
Kick like that, rip like that
They wanna know why I rhyme like that, shine like that
Climb like that, 'cause the world is mine like that
Yours like that, mine like that

You could be goin' on worldwide tours
And see your face on every magazine
Or you can flip to channel after channel
And see that ass on the TV screen

You can pay for expensive videos
And have whole lot of big bootie hoes
But when the shit start comin' to a close
Shit but it wasn't us

You can use your back-up plan, even call him your
back-up man
And start thinkin' quick
You can call on your back-up hoes, even call the back-
up pros
And tell 'em to suck a dick

And you tell just to get deez
And you tell just to pay the fees
And to pay their dues, and they catchin' those STD's
Shit but it wasn't us

They wanna know why I hit like that, spit like that
Shit like that, maybe because I get like that
Kick like that, rip like that
They wanna know why I rhyme like that, shine like that
Climb like that, 'cause the world is mine like that
Yours like that, mine like that

They wanna know why I hit like that, spit like that
Shit like that, maybe because I get like that
Kick like that, rip like that
They wanna know why I rhyme like that, shine like that
Climb like that, 'cause the world is mine like that
Yours like that, mine like that
