Luda

We gon do this one for the ATL right

So check this out it goes something like thisâ€¦

Ok, Fresh pair J's on my feet thats how I do it

If you scuff my J's then we gon have to get into it

Snuff you with my right then I'll deck you with my other hand

And you might get a little hit but I'll bounce back just like a rubber band

Blaaaaaw, all up in your muthaf-cking face

I'll buss your bottom lip come get a muthf-cking taste

DPG see me on TV better not mistake me for no sucker
Cos the 4-4 make em hit the flo flo and say you make em run for cover cover

Cover your eyes and cover your mouth when a grown man talking

I'm swaggin, Im surfin matter of fact thats how im walking,

Walking it out, but on the other hand Im walking it in when it comes to the pa-pa-paper

Drink conjure straight that means no cha cha cha cha chaser

Thats right conjure conjure conjure no I don't drink no more Vodka

So find me gettin' slizzerd at the bar with Woka Flocka

Man its bazula shocker can't touch me like Osama

Other rappers need to cover they face up like Lady

Gagaaaaaa

Aaaaaaaaaah
