We gon do this one for the ATL right
so check this out it goes something like thisâ€¦

Ok, Fresh pair J's on my feet thats how I do it
if you scuff my J's then we gon have to get into it
snuff you with my right then I'll deck you with my other
hand
and you might get a little hit but I'll bounce back just
like a rubber band
Blaaaaaw, all up in your muthaf-cking face
I'll buss your bottom lip come get a muthf-cking taste
DPG see me on TV better not mistake me for no sucker
cos the 4-4 make em hit the flo flo and say you make
em run for cover cover
cover your eyes and cover your mouth when a grown
man talking
I'm swaggin, Im surfin matter of fact thats how im
walking,
walking it out, but on the other hand Im walking it in
when it comes to the pa-pa-paper
drink conjure straight that means no cha cha cha cha
chaser

thats right conjure conjure conjure no I don't drink no
more Vodka
so find me gettin' slizzerd at the bar with Woka Flocka
man its bazula shocker can't touch me like Osama
other rappers need to cover they face up like Lady
Gagaaaaaa
aaaaaaaaaaaah,
