

## Ludacris "Pass Out"

Visit "[Pass Out](#)" on [MotoLyrics.com](http://MotoLyrics.com)

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

Hey hey, it's Luda Luda get it right, I'm Mr. Money  
Machine  
And I'm steady, lookin' for two women I can come in  
between  
You can catch me chillin' up in the cut, but I'm always  
ready for action  
I'm stunt, like Jackie Chan and lay low, like we be  
Jackson

Maxin' and relaxin', haters, do they really wanna test  
me man?  
I got an arsenal waitin', do they really wanna catch me  
man?  
No I don't think so  
I've got killers on the payroll, if there's a problem then  
say so  
I make dough until there's none left

I run with plenty gangs that's holdin' thangs  
And rearrange your frame in one breath  
So to keep on breathin' I suggest you take this beatin'  
'Tis the season for bleedin' and we've been lookin' for  
a reason

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

Hey hey, come holla at me, I'm a star, I got the hood on  
smash  
You know me, my whole car smell like a woodshop  
class  
I point 'em out like her, her, that girl with the mouth  
Plus you and your friends  
Let me show you some whips that don't come out 'til  
the year of 2010

So I'm flockin' 'em in, 'til the droptop is rockin' again  
Boy I got it locked, if you think not, then you'll get  
popped in the chin  
And I'm clockin' these ends, my record sales are  
blockin' 'em in  
Gotta thank those blessed to walk  
The streets to those that's locked in the pen

My entourage is game faces, mean muggin', mean  
muggin'  
Now the media is convinced that we thuggin', we  
thuggin'  
Momma told me, grow up to be somethin', be  
somethin'  
I went diamond with this album so we buckin', we  
buckin'

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

I'm so far ahead, it's only right for you to hate on me  
mayne  
When I'm pushin' 90 by myself, up in the H.O.B. lane  
They tryin' to figure how many mo' women that I can  
take on my plane  
Bein' one of the few rappers responsible for changin'  
the game

Now desperate artists tryin' to sue but they just makin'  
some claims  
Can't get in the spotlight for nothin' and it just makes  
'em insane  
That's why some of the niggas resort right back to  
bakin' that 'caine  
And sellin' it off to junky monkeys who keep bakin' they  
brain

As they grow older they'll be feelin' a lot of achin' and  
pain  
So right at the head they might as well just be aimin'  
that thang  
And you ain't helpin' the process out by always cakin'  
these dames  
But it is hard givin' up the place where they be shakin'  
they thangs

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up

If you a lame motherfucker, get yo' ass out  
I'm from the A, I came to party 'til I pass out  
So if you with me and you tipsy, throw your fist up  
If you got diamonds and they shinin', throw your wrist  
up
