I got 5 kisses, where you want 'em at?
Either one on your lips
Your ear, your neck
Your stomach or your back

Your inner thigh, right on your knee cap
Or your belly button
These other guys be out here talkin'
But they steady frontin'

They don't know what they want
That's why I tell you, put your trust in me
Share all your secrets
Your desires and your fantasies

I ain't gon' tell nobody, baby
I'm an only child
I'd keep it to myself
'Cause all I wanna do is see you smile

Knowin' that you got someone to talk to
Ain't that what you want?
I'll be your lover
Your provider and your confidante

And I won't judge you
'Cause I know that ain't nobody perfect
But you got some perfect imperfections
And that makes you worth it

I wanna see your body in all
The positions that you like it in
We could do it slow or have some drinks
And it gets enticin' when

You like it rough, I give it rough
And I start to pull your hair
'Cause ecstasy's your destination
And I'mma take you there
Tell me a secret, baby

Tell me somethin' that nobody else knows

And I'll think about it just soon as the door closes
Tell me a secret, baby
Tell, tell, tell me a secret, baby

Show me somethin' that nobody else sees
Tell me all the things that you would do if it was you
and me
Tell me a secret, baby
Tell, tell, tell me a secret, baby

There ain't nobody in the universe
That competes with you
Imagine the possibilities
And other little freaky thangs that we could do

Blind folded, handcuffed to the head board
Never let you go until you scream my name
Maybe you think I'm playin'
But this is really far from a motherfuckin' game

Ain't a damn thang changed
Still nasty as I wanna be
And I got just what you been lookin' for
Baby-girl, you want it, see

It'll turn you on and it's gonna be on
Soon as I take it off
Just give me your body it's guaranteed that
I'mma break it off

Off, off, off
Off until the sun rise
And I'm not here to disappoint
Just give me one try

One kiss, one pinch
And you could take it or leave it
But before you make up your mind
Just tell me one secret
Ne-Yo, holla at 'em

Tell me somethin' that nobody else knows
And I'll think about it just soon as the door closes
Tell me a secret, baby
Tell, tell, tell me a secret, baby

Show me somethin' that nobody else sees
Tell me all the things that you would do if it was you
and me
Tell me a secret, baby
Tell, tell, tell me a secret, baby

So we can talk about your fantasies
And ain't nobody gotta know but me
Baby, come on and make this move if you gonna
Baby, we grown, we can do what we wanna

Yeah, said you can tell me what you like to do
Baby-girl, you never know, I may like it too
Baby, come on and make this move if you gonna
Baby, we grown, we can do what we wanna, yeah

Tell me somethin' that nobody else knows
And I'll think about it just soon as the door closes
Tell me a secret, baby
Tell, tell, tell me a secret, baby

Show me somethin' that nobody else sees
Tell me all the things that you would do if it was you
and me
Tell me a secret, baby
Tell, tell, tell me a secret, baby

Whoa, whoa, whoa
Whoa, whoa, whoa
Tell me a secret
Whoa, whoa, whoa
Whoa, whoa, whoa
Tell me a secret
