Cadillac grills, cadillac mills,  
Check out the oil my cadillac spills  
So check out the hos my cadillac fills  
Oh don't you like my twenty inch ride  
Pretty ass clothes, Pretty ass doughs  
Oh how I love these pretty ass hos  
Pretty ass high class anything goes  
Women on their cells making long john calls  
and if they like to juggle get long john balls

#### CHORUS

All my playas in the house who are by the bar  
If you a pimp and you know you dont love them hos  
When you get on the floor, throw them bows  
All my women in the house if you tasting cash  
And you got some big titties with a matching ass  
With your fly ass boots with em open toes  
When you get on the floor, throw them bows

Dirty south mind blown  
Hand me down a flip flops, hand me down  
Mouth full of platinum mouth full of gold  
Lie thru your teeth  
And rip out your tongue cuz of what your mouth told  
And you can sweat from a burn in the 3rd degree  
and if you sweat in your sleep then you sweat for me

#### CHORUS

Getting hit by bars  
Hit by the Neptunes, hit by guitar  
Rabbit out the hat  
Overall triple,  
Thugged out

#### CHORUS
