{Chorus}

I hate it when theres

Too many niggaz not enough hoes

Too many rookies not enough pros

The game got switched on some ludachris shit

So all yall can suck my dick.

Biotch x2

I gotta rip it with miracle ludachris lyrical Fools

We dirty south shut your mouth we rock tools

NO Hoes we obey the beta Block rules

Got cock to put chlorine in rec pools

Is there anyone like ya?

Hell NAH! I treat humans like students and fail yall

So turn your books to Page 69 and start suckin?

With organized to stop to drop a track start duckin?

With ludachris get in the bed start fuckin?

{Ho} you betta b startin?something

Get out the booth let me tell yall the truth

We kick down doors save all the H2o for all the front rows

Live in the bank and watch for stank hoes

They combed out and stayed off the off roads

If you know what I mean proceed to stay clean

Light skinned nigga turn red but get green

In hale some of that Drobe and blow steam

Love the combination of big ass and tight jeans

{Chorus} x2

{ ho} Boy you lost yo mind

No I lost my virginity

And I shock quick like that fool shot kennedy

what the remedy ? henisy coke?

if u cut all your money youll still b half broke

ashes to ashes smoke or get smoked

we come by the masses you come to get choked

if u take me for a fool ill take you for a joke

tired of fast food so they cooked up dope

so now we eat lobster and shirp and things

and watch for imposters that been in a game

we invented the game and yall just got hip

Man whats that smell ?

Probably your upper lip, cuz I love to walk around like

my shit dont stank
Even if its cigars and purple colored dank,
Chillin?in that boat with no signs of tom hanks
Put this in your jar like weiners and franks
{Chorus} x2
I put too much sugar in my cool aid
And I party with my gin with a high top babe
And I arrive to a show and I like to be paid
I arrive with a hoe and I like to be laid
Rite up to the floor like rugs and floor mats
Im on the rite page but wats my format
I wave to the ocean because im rite where the shores at
And woman go crazy where my bone At
Did u kno that ?
Man im the gift of chains Eectric stoves dont give me
that keys range
Shagadelic Beautiful but strange with the magic cities
with mickey and blue flames
Rearrange same brode but different Night, Pass the Ej
and let a nigga get ripe
The bomb threaten?dude on the same flight, High
nights that show I live a High ass life {Chorus} x2
