[Intro]

Warning! This album contains Ludacris material
Parental discretion is advised
So kids cover your ears and close your eyes
Otherwise you're about to witness HISTORY
The thoughts and views expressed on THIS album
are a direction reflection of the new generation
So without further ADIEUX
I bring to YOU, that nigga named Luda

[Ludacris]

HEY! I be that nigga named LUDA give a round of
applause
They say I'm up to no good, I'll say I'm down for the
cause
Down for whatever goes down, I'm strapped down to
my drawers
So if you up for some stitches then I'm down for some
scars
Down to make 'em GET DOWN, stop playing and pause
There's two things I'll never break and that's my word
and my balls
So here's a temporary fix for your permanent flaws
This album helps you to RELEASE cause life is irking us
all
Enough to make you wanna break shit, no longer will I
take shit
From ANY of these clowns cause I'm TIRED of this fake
shit
I'm ready for some action, ready with a passion
Like pots with the steam I'm ready to get it cracking
It's six years and counting if you think I'm a joke
Me getting served is like Bill Gates and Oprah going
broke
It's 'bout time they gave it to me, I'm the reigning
champ
Your favorite rapper went to Ludacris' training camp
Beotch!

[Outro]
