[Verse 1] Ludacris

I keep a fresh pair of One's on my feet,

And double deuces on da chevy.

3's company the double 4's on my belly,

5 hot amps speakers shake like jelly,

So many wires in my trunk look like a bowl of spaghetti.

Assault and batteries, but my trunk stay ever ready,

Assault and battery if you scared you never ready.

And yea i went green, and 26s on the hybrid,

Smoked so much green that i cant open up my eyelids.

Wake up in London, go to sleep on Atlanta time,

Still my paint got more candy then your valentine.

For 5 Mill i bought a lake front crib,

Bentley Car cover lookin like a laced frontwig.

Of course they hatin' cause they still ridin' tha MARTA
train,
Re-name the yacht put the plain in my daughters name,
Now thats Karma so call me Daddy War Bucks
If you got money, i got mo' bucks.

[Hook]

Cuz' I got it,
All these hataz wanna grill me,
(But f**k that im bout my money if it kills me)
[YEEAAH BABY]
(And im up to no good)

NEW YORK & JERSEY COME INTO THEY HOOD,

[Verse 2] Ludacris

LUDA!!!
I'm freak like a scorio,
Custom hood scoobs make the coupe look like
Pinocchio,
I'm rich bitch, i should drop cash,
The inside of the Lac' look like a wood shop class.
And these women gimme love like it's Tennis time,
So many shoes that my closet look like finish line,
So many acres that my Crib look like Bermuda,
So many diamonds the safe look like Kay jewelers.
That spot about to drop my team said luda get it
Now 50 thou says that im the first nigga with it
First round draft pick later for you imbasuls, the car is
all black like it got traded to the timberwolves
And i keep a little bit of that green up in the lining but
as the weather change my weed adjust to different
climates.
Green in the summer time, orange in the spring, Now
its black with that purp i call my whip the sac king.

[Hook]

Cuz' I got it,
All these hataz wanna grill me,
(But f**k that im bout my money if it kills me)
[YEEAAH BABY]
(And im up to no good)
Ayyy I wish a mothaf**ka would,

Chi-Town and Detroit, COME INTO THEY HOOD,
Ayyyy I wish a mothaf**ka would
D.C and B-Boy, COME INTO THEY HOOD,
Ayyyy I wish a mothaf**ka would

Im Fly enough to fly away, trouble i don't shy away,
from it i annihilate suckers in they driveway
In church on sunday morning praying about what
happened Friday
But then the consequences for comin pimpin sideways
Nowadays guess it pays to change in kahoots with
corporation making major change
With magnificent watches and amazing chains
Plush pad in Atlanta and L.A.'s the same
I ball till i'm bored with selections an assortments some
automotives worth a small fortune of courses theres;
the '72 Chevelle hardtop, '69 drop 60 K a piece, u can

Swag got the ass, stack cash to the hair line
Fuck another cars time to try by the airline
