Every day I wake up and I think of who you are
The way I know you'll be when you find me
And I believe I'll know you by the way you stop
And watch me sing my song
Like you've known it all along

Faith in the music
Faith in the craving
Faith in the passion
Faith in believing
Faith in the music
Faith in the light
Just a little bit of music and
Everything will be all right

I know it's tough
The way the world works and stuff
Things get rough
You work and work but it's never enough
Don't forget your dream just hasn't hit you yet
You've got to remember it's alive
It's out there waiting on the other side

But you gotta have...

Faith in the music
Faith in the craving
Faith in the passion
Faith in believing
Faith in the music
Faith in the light
Just a little bit of music and
Everything will be all right

Run to it baby
Run to it before it's too late for you to stay
I can't tell you how but you gotta go now
Chase the melody
Don't let her get away

Faith in the music
Faith in the music

Faith in the music

Really nothin' to it

Faith in the music

Faith in the music

Faith in the music
