Stand up, stand up  
Stand up, stand up

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

How you ain't gon' fuck? Bitch, I'm me  
I'm the goddamn reason you in V.I.P.  
C.E.O., you don't have to see I.D.  
I'm young, wild an' strapped like Chi-Ali

Blaow, we ain't got nothin' to worry about  
Whoop ass, let security carry 'em out  
Watch out for the medallion, my diamonds are reckless  
Feels like a midget is hangin' from my necklace

I pulled up wit a million trucks  
Lookin', smellin', feelin' like a million bucks  
Pass the bottles, the heat is on  
We in the huddle, all smokin' that Cheech an' Chong

What's wrong? The club an' moon is full  
An' I'm lookin' for a thick young lady to pull  
One sure shot way to get 'em outta them pants  
Take note to the brand new dance, like this

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

Go on wit ya big ass, lemme see somethin'  
Tell ya little friend he can quit mean muggin'  
I'm lit an' I don't care what no one thinks  
But where the fuck is the waitress at wit my drinks?

My people outside an' they can't get in  
We gon' rush the back door an' break 'em in  
The owner already pissed 'cause we sorta late  
But our time an' our clothes gotta co-ordinate

Most girls lookin' right, some lookin' a mess  
That's why they spillin' drinks all over ya dress  
But Louie Vuitton bras all over your breasts  
Got me wantin' to put hickies all over ya chest

C'mon, we gon' party tonight  
Y'all use mouth to mouth, bring the party to life  
Don't be scurred, show another part of your life  
The more drinks in your system, the harder the fight

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

Stand up, stand up  
Stand up, stand up

Damn right the fire marshal wanna shut us down  
Get us out, so someone can gun us down  
We was two songs away from gettin' some cutta  
Now we one song away from tearin' da club up

Move over, Luda got somethin' to say  
Do it now 'cause tomorrow ain't promised today  
Work wit me, let's become one with the beat  
An' don't worry 'bout me steppin' all over ya feet

When I move, you move, just like that?  
When I move, you move, just like that?  
When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

When I move, you move, just like that?  
When I move, you move, just like that?

When I move, you move, just like that?  
Hell yeah, hey, DJ, bring that back

Stand up, stand up  
Stand up, stand up  
Stand up, stand up  
Stand up, stand up
