Here I am at home again
This rainy avenue
Put me in my proper place
I'm not the one for you
But you're here now
Can you come in
It's freezing

I found a way to blur your face
And smear the words you said
You made me feel alive again
I wish we'd never met
But you're here now
Can you come in
I'm freezing

I finally let go
And learned to live without you
After all those weeks alone
But now you're back for more
I'm trying to fight it off
But there's a mutiny below

There were nights when I was sure
Your love was all I had
Pining at the door you left through
God it hurt so bad
But you're here now
You're making eyes
I'm breaking

I finally let go
And learned to live without you
After all those weeks alone
But now you're back for more
I'm trying to fight it off
But there's a mutiny below
I finally let go
But there's a mutiny below

Just one more night
You ask so tenderly

A softer side
I'd longed so longed to see, yeah
So long
You slip inside
We'll work it out
Tomorrow

I finally let go
And learned to live without you
After all those weeks alone
And now you're back for more
I'm trying to fight it off
But there's a mutiny below
I finally let go (I can't)
I'm trying to fight it off (Live without you)
But there's a mutiny
If I'm left by myself
I can't hang on
Let me go
