I hate school and teachers hate me
Because I can't read and I won't study
Sit in class can't pay attention that's why i've got
detention
Classes students teachers hate me
Go to school bout twice a week
That girl up front is really somethin'
Why is school a constant struggle
I hate school wwwwooooooaaaaahhhh
Pointless classes really bore me
Useless crap is all they teach me
I can't help but sit and wonder what's the point in all
this trouble
I'd rather be wastin' money on b.k. tenders or the local
wendy's
I pay money for indegestion
Think by now I'd learn my lesson
I hate school
