Stars suspended deep in grey
Take a step and lose my way
There is no whispering tonight
The darkness will not steal my light

Chorus:

But it's all that I am
Reflections faded
Yeah it shattered
Don't mind me cause it's all we could be
From my pain
And from my sorrow
There's more courage than you see

Forget about your expectations
I'm not as hopeless as I seem

Just try to see all that I am
You fail to see the things I dream

Repeat Chorus

I gave it all
I gave my trust
But it still ain't good enough
The fear that wouldn't let me go
The tears that I'm ashamed to show

Repeat Chorus

And it's all, yeah it's all
And it's all, yeah it's all
And it's all that I have in me
