"Break Me"

Patterns and illusions are tainting what I see
I'm constantly affected by false realities
So we spin and we turn till we wonder just why we are
dancing
Yet we drink it all in, do it over again
Tell me where it ends

(Chorus)

I am finding where I stand
So you can't break me, no you can't break me
I have faith in where I'll land
So I am waiting, I am waiting
So come on, come on, come on try to break me

Nothing here is constant, nothing here is real
The world is always moving and it changes how I feel
So we spin and we turn till we wonder just why we are
dancing
Yet we drink it all in, do it over again
Tell me where it ends

(Chorus)

Ah, shine your light on me
Ah, illuminate what I don't see
Give me strength and give me peace

(Chorus)
