"Let Me Go"

I can't remember
The last time I felt love for you
I hate pretending
That all those things I said were true

So let me go, let me fade
Let me just spread my wings and fly away
Let me run, let me leave
Let me just be the one that I wanted to be

It seems so funny
When you're the one that's laughing
I hate to hurt you
Cause you're everything I should want

That I should be

So let me go, let me fade
Let me just spread my wings and fly away
Let me run, let me leave
Let me just be the one that I wanted to be

I see you hiding way up high
To keep you safe now baby don't you cry
You knew it was coming, maybe not today
You know it had to be this way
