I have been searching for solutions
I have been waiting for conclusions in my life
Some things must go unanswered
Who is to say if my questions are wrong or right

Don't hold me down, don't hold me down
There's so much more than I can hold
So much more than I have found
I have finally found that I
Don't know the whos, the hows, or whys
About this life

I'm not ashamed to be naïve
About the things I haven't seen
Only with time will life present me with the answers
I wouldn't know otherwise

Show me the path to my redemption
I do believe that my intentions weren't out of line
I am aware I'm one in millions
I'm not afraid of my ambitions and my strife

Don't hold me down, please don't hold me down
There's so much that I love
Waiting for me on this ground
I have finally found that I
Don't know the whos, the hows, or whys
About this life

I'm not ashamed to be naïve
About the things I haven't seen
Only with time will life present me with the answers
I dare not compromise

Feels like I'm walking on foreign ground
Part of me is anxious and part is sound
Oh but I can't ride forever on this rollercoaster round
and round

I have finally found that I
Don't know the whos, the hows, or whys

About this life
I'm not ashamed to be naïve
About the things I haven't seen
Only with time
I'm not afraid to be alone
I can do this on my own in this life
I'm not ashamed to be naïve
About the things I haven't seen
Only with time will life present me with the answers
I hadn't yet realized
